CLAIM GRAIN GAMBLING MADE PRICE CRASH

FARMER-LABOR MEN SAY SPECULATION IN GRAIN DID IT

MAGNUS JOHNSON FROM HIS FARM STARTS INVESTIGATION OF "MANIPULATIONS"

MARKET BEHAVED STRANGELY IS ASSERTION OF HENRY G. TEIGEN, JOHNSON MGR.

(By United Press)

St. Paul, July 21.—Grain gambling in violation of the Capper-Tincher law is responsible for the sudden crash of prices, farmer-labor leaders declared.

Farmer-labor leaders asserted "it is obvious that speculation in grain futures in the last two weeks has forced prices down."

Magnus Johnson, from his farm near Kimball, started an investigation of what he called "manipulations" which forced down prices and resulted in wheat growers facing huge losses. "I will issue a statement on this situation Monday," the senator said over the telephone today.

"We are investigating to find out just what happened."

Senator Johnson intimated he believed millions of bushels of wheat were sold "short" on the bear market during the last 10 days.

Market's Strange Behavior

"A market does not behave like that unless there is some tremendous pressure behind it," Henry G. Teigen, Johnson's campaign manager and "moving spirit" of the farmer-labor movement that elected both of Minnesota's United States senators.

Dr. Henrik Shipstead, on an outing at the lakes, could not be reached for comment on the situation, which is concerning the heads of the party. Senator Johnson, elected Monday, is anxious to confer with Senator Shipstead before determining upon a course of action.

There will be discussion of the possibility of prosecutions under the Capper-Tincher law and the state law in Minnesota which is designed to prohibit gambling in grain. Such action would have an effect on the grain market, Senator Johnson feels, and he is anxious to avoid anything that would affect farmers adversely.

"Something should be done under the Capper-Tincher law," he said. "I am going to the Twin Cities Monday to hold some conferences next week and find out what should be done."

Special Session of Congress

Enforcement of the Capper-Tincher law, means of forcing President Harding to call a special session of congress to try and pass a law that will provide some minimum price on wheat for the next two years, the possibility of establishing government owned or controlled grain storehouses, and the advisability of establishing an embargo on foreign wheat will be discussed.

The suggestion in Chicago of President O. E. Bradfute of the American Farm Bureau federation that 2,000,000 bushels of wheat be withdrawn from the market and stored on the farm pending better prices is along the line of Senator Johnson's to establish a surplus of grain and store it "for the seven lean years that are sure to come."

Protecting the Farmer

But farmer-labor leaders here feel that American farmers must be protected against importation of foreign grain before they can afford to store up 200,000,000 bushels of wheat at a cost of \$150,000,000. The intermediate credit system may solve the storage problem, but storage would not save off the farmers' losses without a protective embargo.

"The right kind of tariff law would furnish the farmer against the necessity of emergency legislation," said Senator Johnson. "I don't mean that everything about the Fordney-McCumber act is wrong, but it certainly needs fixing. I have been too busy with the campaign to study its defects."

SOUTHWESTERN GRAIN GROWERS "SELLING STRIKE"

Chicago, July 21.—Southwestern grain growers have started a "selling

REPORT THAT PANAMA CANAL HAD A HEAVY SLIDE; CLOSED 60 DAYS

(By United Press)

San Francisco, July 21.—A report that the Panama Canal had been closed by a heavy slide was picked up by Federal Telegraph company over the radio here during the night.

The station heard two Eastern Pacific Mail liners, the Ecuador, westbound, and the Venezuela, eastbound, both on the Pacific side of the canal, discussing the slide. According to this information the canal will be closed for 60 days.

If this is the case, President Harding will be forced to abandon his trip through the canal and will have to go from the coast to Washington by rail. Pacific mail offices here had received no confirmation of the report from their two vessels.

WAR DEPARTMENT IS NOT ADVISED

Washington, July 21.—The war department had not been advised of the reported slide in the Panama canal. Officials explained that only serious slides which block traffic are reported officially to Washington, and that they hoped that no news meant good news.

POSTMORTEM TO CLEAR MYSTERY

(By United Press)

Milwaukee, July 21.—A post-mortem examination over the body of a 20-year old girl believed to be Miss J. C. Doyle of LaCrosse is to be conducted today in an effort to determine how the woman came to her death.

The girl was brought here after being found unconscious on the Grandville road late last night.

strike" for higher wheat prices, the American Farm Bureau Federation was informed today.

The Federation issued a statement saying its plan for farmers to withdraw 200,000,000 of wheat from the market and store it in farm bins is already being followed in Kansas with the aid of financing through the Intermediate Credit Bank at Wichita.

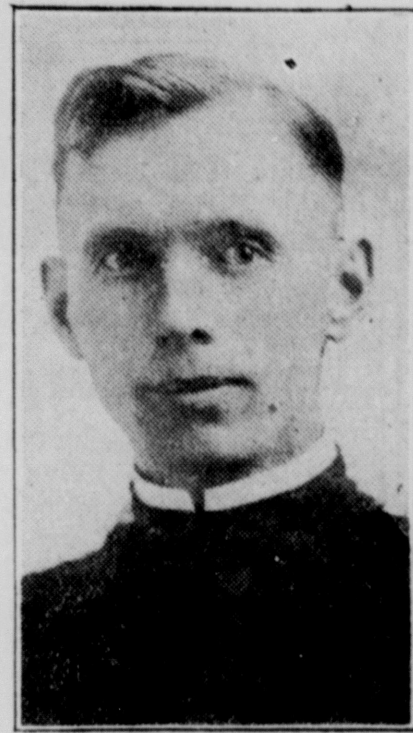

The Wichita bank is now lending farmers about \$100,000 daily on stored wheat, and will soon be lending \$2,000,000 daily, according to word from Miles C. Lasater president of the institution.

The money is being borrowed under the Intermediate Credit Act passed by the last congress. The federation believes the eleven other intermediate credit banks are preparing to follow the lead of the one in Wichita.

Simultaneously with reports of this vast wheat storage, receipts at Kansas City and gulf ports have fallen off, indicating that farmers are holding for higher prices, the Federation asserted.

Exporters at gulf ports were forced to pay a premium to satisfy their demand yesterday. The "selling strike" resulted also in a one cent advance in prices at these points.

The American Farm Bureau Federation's scheme to withdraw wheat from the market resulted from prices dropping below \$1 a bushel on the Chicago Board of Trade. Loans of about \$165,000,000 to farmers through the new credit act will be necessary to finance the 200,000,000 pool.

MILLION PAY RAISE ASKED BY SIGNALMEN

Chicago, July 21.—Wage increases of more than \$3,500,000 a year are being asked by the Brotherhood of Railway Signalmen of America for its 10,000 members on 29 railroads at a hearing being conducted by the United States railroad labor board today. D. W. Helt, president of the brotherhood, is supervising the introduction of testimony which is intended to show that the decreases in wages of the signalmen affected by decisions of the labor board was unwarranted.

Luverne Boy Killed As Train Wrecks Truck

Luverne, Minn., July 21.—Everette McDowell, aged 13, was killed while riding on an oil truck that collided with an Omaha train, a mile east of here, today. The truck was completely demolished.

TRAVELERS INSURE PICNIC AGAINST RAIN

\$500 WILL BE DIVIDED AMONG GUESTS IF 10TH OF AN INCH FALLS TODAY

Minneapolis, July 21.—Old Man Weather has been outwitted by the United Commercial Travelers officials in charge of the annual picnic today at Spring Park, and if it rains, as it did last year, the visitors will receive \$500.

According to W. W. Rowell, secretary of the organization, the insurance policy guarantees fair weather between 10 a. m. and 2 p. m. Saturday. If one-tenth of an inch of rain falls, the guests will divide \$500 between them.

Races, dancing and swimming are on the bill for the day. J. Fred Smith, in charge of the outing, has arranged prizes and an automobile is to be given away to the holder of the lucky number.

Clark, S. D., July 21.—Betterment in financial conditions is shown by the number of new school houses being built in this part of South Dakota. On Aug. 11, the school authorities of Woodland township, near here, will open bids for the erection of three new school buildings in the district.

HIGH SCHOOL BAND OF BUXTON, N. D., TO PLAY IN CITY

REGULAR CONCERT GIVEN ON THURSDAY EVENING, JULY 26, IN GREGORY PARK

WILL ALSO PLAY DURING SUPER HOUR FOR EDITORIAL CONVENTION AT LUM PARK

The force of example is a wonderfully efficient incentive in these days when so many people hail from Missouri and accordingly boys' band circles in Brainerd can receive no greater impetus than when the Lions club brings to this city the famous Buxton, N. D., High School Band of some seventy pieces which will play in Gregory park and also generously favor the Northern Minnesota Editorial association convention, in session that evening at Lum park.

It is nothing short of remarkable that in the village of Buxton, a village with a population of less than 500, has been developed a school band which has not only gained a state-wide reputation and popularity, but which is rapidly becoming known nationally.

The band was organized in the fall of 1919 by the present director, Arthur R. Thompson, Supt. of the Buxton schools. In spite of the fact that all the members were beginners at that time and that beginners have been added each year since to take the place of those who have completed school or moved away, the organization has made wonderful progress and now holds the unique distinction of having won first place in the past four annual state high school music contests.

The membership has been held at approximately fifty each year, one-half of whom are girls. The average age of these boys and girls is 16.5 years. The director and all the members except one are of Norwegian ancestry.

The director, Arthur R. Thompson, was born and raised on his father's homestead near Edinburg, N. D. He graduated from Red Wing Seminary at Red Wing, Minn., and the State University of North Dakota. He has been engaged in teaching and school administration the past fifteen years. Besides being a teacher and musician he is also a preacher and lecturer, being very active in all branches of church work.

Since 1918 he has been the President of the Young People's Luther League of the North Dakota District of the Norwegian Lutheran church. He believes in providing for the young people good, clean recreation that will build them up physically, intellectually, morally and spiritually.

The special repertoire of the band for the 1923 concert season includes standard overtures, various selections of a semi-classical nature, marches of the stirring kind and many special descriptive numbers.

Plenty of Salt in the Ocean. The ocean contains 4,800,000 cubic miles of salts, enough to cover the surface of the United States 1.6 miles deep.

MEXICO MOVES TO INVESTIGATE THE DEATH OF VILLA

FORMER BANDIT CHIEFTAIN DEAD AT AUTOMOBILE, RIDDEN WITH 16 BULLETS

MEXICAN CHAMBER OF DEPUTIES ASKS FOR AN IMMEDIATE INQUIRY IN CASE

(By United Press)

Mexico City, July 21.—Mexico moved officially today to investigate the sudden end of its most picturesque bandit, Francisco Villa, who fell dead over the wheel of his automobile at Parral yesterday. His body was riddled with 16 bullets.

The Mexican Chamber of Deputies moved to demand an immediate inquiry, while General Martinez arrived at the scene of the assassination to take charge of the investigation and of troops charged with keeping order.

The assassins apparently have covered their tracks well. There were no reports here to indicate that any trail of them had been found. Army officials, however, were hopeful.

The murderers got away to a good start because there were no horses for the infantry troops stationed at Parral. The search was continued yesterday afternoon and late into the night but their efforts are said to have been unsuccessful.

Troops are being moved into the region from all nearby posts this morning. The town of Parral resembles an armed camp, and business is practically suspended. Crowds throng the streets. They want to see the bodies of the famous Villa, Trillo and the three other men killed.

Hipolito, brother of Villa, arrived this morning at Parral. He came from Chihuahua City to take charge of the body.

LIGHTNING KILLS ONE IN NORTH DAKOTA STORM

Minot, N. D., July 21.—The most widespread wind and rain storm of the season, accompanied by violent electrical disturbances, has visited northwestern North Dakota, resulting in one death, that of Dwight Coley of Norwich, who was struck by lightning. Serious damage due to hail is reported in isolated cases.

\$8,000,000 DEMAND BANDIT OUTRAGE

DIPLOMATS WILL ASK PUNISHMENT OF OFFICIALS RESPONSIBLE FOR INCIDENT

Peking, July 21.—The diplomatic corps met to consider the finding of committees recommending reparations for the Licheng incident, when Chinese bandits held up a train last May and carried a number of foreigners off for ransom. Unless unexpected objections are raised by the home governments, a note will be presented to the Chinese immediately, demanding:

The punishment of the technicians of Shantung and all officials responsible for permitting the outrage to occur.

An indemnity of \$8,000,000 Mexican.

The organization of a guard on the principal railways under foreign supervision.

The recommendations are such as will meet Chinese acceptance, but they will arouse indignation among the captives, many of whom had expected substantial damages. General Munthe, a Norwegian officer, probably will head the railway police with railway assistance.

CONTENTS OF ENGLISH NOTE TO GERMANY ARE CAREFULLY GUARDED

(By United Press)

London, July 21.—Contents of the British note to Germany were carefully guarded today to give France and Belgium time to study their drafts of the documents and express their approval if they wish before the note is delivered to Berlin.

It is said the document is firm in tone and suggests that Germany cease passive resistance and begin to think about paying, but all such forecasts are unauthorized.

Drafts of the note with a covering letter were handed to French, Belgian and American representatives last night. An early reply from the Allies was requested. The Count de St. Paul, French ambassador to the court of St. James, hurried immediately to Paris to confer with Premier Poincare.

ABSOLUTE SILENCE IN PARIS ON THE MATTER

Paris, July 21.—Absolute silence regarding the terms of the British note and French reaction thereto was commanded by Premier Poincare as with several of his ministers he commenced a study of the document. He expects to deliver the note at noon.

FRENCH CONSIDER NOTE IN SECRET

Paris, July 21.—Premier Poincare and his ministers, considering in secret the British note to Germany, already have found several of its propositions unacceptable, according to information from well-informed sources.

This leaked out despite orders that no indication of the note's contents or France's reaction was to be given the public.

It is said that the French government will accept the note as a basis of discussion.

From authoritative sources the United Press learned the British note proposed an international commission to be appointed by those nations expecting reparations to determine Germany's capacity for payment. This, as well as other points of the note, was said to be unacceptable.

BRITISH NOTE IS RECEIVED IN AMERICA

Washington, July 21.—The British note on the Ruhr and reparations has been received at the State Department and is now being decoded, it was announced today.

Officials refused all comments on the note.

WASHINGTON IS BUZZING POLITICALLY

(By United Press)

Washington, July 21.—Fired by the insurgent torch of Magnus Johnson in far off Minnesota, Washington was buzzing today with talk of a threat to President Harding's re-nomination.

Just as the Harding re-nomination boom thrived in the sun of returning prosperity, it has withered somewhat under the election results in Minnesota, political prophets say.

Another change of political atmosphere, and the dark cloud of opposition may pass.

Administration leaders could see these developments in the light of a statement by Senator Moses of New Hampshire, chairman of the Republican senatorial campaign committee:

1. The anti-Harding efforts in the senate redoubled efforts to keep Mr. Harding off the Republican ticket on the theory that he can't win, because:
2. Formidable third party movements, with both Henry Ford and Senator LaFollette as candidates being freely predicted by Moses, which would divide the Republican strength, and:
3. The possibility of President

5 YEAR OLD SON OF J. MONTGOMERY DROWNED AT NOON

WAS WADING IN WATER NEAR GULL LAKE HOTEL WITH HIS MOTHER

LATTER RELEASED HER HAND A MOMENT AND HE SLIPPED FROM SIGHT

A pall was thrown over the festivities of the state convention of county agricultural agents at the Gull Lake hotel, Gull lake, near the noon hour when little Andrew Montgomery, age 5, son of Mr. and Mrs. Joseph Montgomery, of St. Paul, accidentally drowned in the lake.

The boy accompanied by his mother, older brothers and sisters, had been wading in the lake for some time. Mrs. Montgomery had Andrew by the hand and was laughingly teaching him to swim.

She released her hold for a moment and spoke to some friends. When she turned back to the little lad, he had disappeared. Whether the current had seized him or he had stepped into a hole will never be known.

The authorities were notified in Brainerd and grappling irons obtained. A doctor and pulmotor were quickly on the scene. Up to 1 P. M. the body had not been recovered.

Mr. Montgomery, so far as known, is interested in a co-operative livestock shipping association of South St. Paul.

County Agent E. G. Roth telephoned to Brainerd shortly after dinner for more help in dragging for the body, and Chief of Police Harry Gaskill sent out a number of men, with additional dragging apparatus.

The special grappling hooks, made at the time of the search for the Bikkie boy last winter, have been kept at the fire station, and these were taken out to the scene of the accident by B. C. McNamara.

Dr. M. P. Gerber went to the lake to give assistance in resuscitation when the body is found. The pulmotor belonging to D. E. Whitney may be brought into use, also, in an effort to save the little fellow.

Mrs. S. A. Riches, of the Gull Lake hotel furnished a lunch at noon for those who are dragging.

4 P. M.—Body reported found.

"KOW YUST SAY 'BOO,' DIE RIDE IN MY ARMS," SAYS FARMER IN SUIT

Blue Earth, Minn., July 21.—Austin Peterson, a farmer living here, is seeking to recover \$90 from a railroad company which he alleges is responsible for the killing of a cow. He also is asking \$10 for the trouble of burying the dead animal.

In his letter to Claim Agent Murphy, Mr. Peterson says he is a "poor feller," and continues: "Ay was sitting on my fence, watching my kow eat the railroad grass and you big engine come down and kill my kow and hit my kow ride between the crossing and the telephone post, and he cut the two legs of my kow by the tail and his head lay on the odder side of the fence. I holler at the man what was making the cars go, but he don't stop—so I go back to my kow and he yust say boo hoo and he die ride in my arms. If I bury him in a hole, will it be all rite if you want him when you come up I dig him up again, but he is dead yust the same."

Harding's defeat in the Republican convention by LaFollette, who, Moses predicted, can control 102 delegates and the balance of power if another strong candidate enters the race, and

4. Senator Hiram Johnson of California "returns from Elba" at the psychological moment for a presidential boom, following a demonstration in New York.

CLAIM GRAIN GAMBLING MADE PRICE CRASH

FARMER-LABOR MEN SAY SPECULATION IN GRAIN DID IT

MAGNUS JOHNSON FROM HIS
FARM STARTS INVESTIGATION
OF "MANIPULATIONS"

MARKET BEHAVED STRANGELY
IS ASSERTION OF HENRY G.
TEIGEN, JOHNSON MGR.

(By United Press)

St. Paul, July 21.—Grain gambling in violation of the Capper-Tincher law is responsible for the sudden crash of prices, farmer-labor leaders declared.

Farmer-labor leaders asserted "it is obvious that speculation in grain futures in the last two weeks has forced prices down."

Magnus Johnson, from his farm near Kimball, started an investigation of what he called "manipulations" which forced down prices and resulted in wheat growers facing huge losses. "I will issue a statement on this situation Monday," the senator said over the telephone today.

"We are investigating to find out just what happened."

Senator Johnson intimated he believed millions of bushels of wheat were sold "short" on the bear market during the last 10 days.

Market's Strange Behavior

"A market does not behave like that unless there is some tremendous pressure behind it," Henry G. Teigen, Johnson's campaign manager and "moving spirit" of the farmer-labor movement that elected both of Minnesota's United States senators.

Dr. Henrik Shipstead, on an outing at the lakes, could not be reached for comment on the situation, which is concerning the heads of the party. Senator Johnson, elected Monday, is anxious to confer with Senator Shipstead before determining upon a course of action.

There will be discussion of the possibility of prosecutions under the Capper-Tincher law and the state law in Minnesota which is designed to prohibit gambling in grain. Such action would have an effect on the grain market, Senator Johnson feels, and he is anxious to avoid anything that would affect farmers adversely.

"Something should be done under the Capper-Tincher law," he said. "I am going to the Twin Cities Monday to hold some conferences next week and find out what should be done."

Special Session of Congress

Enforcement of the Capper-Tincher law, means of forcing President Harding to call a special session of congress to try and pass a law that will provide some minimum price on wheat for the next two years, the possibility of establishing government owned or controlled grain storehouses, and the advisability of establishing an embargo on foreign wheat will be discussed.

The suggestion in Chicago of President O. E. Bradford of the American Farm Bureau federation that 2,000,000 bushels of wheat be withdrawn from the market and stored on the farm pending better prices is along the line of Senator Johnson's to establish a surplus of grain and store it "for the seven lean years that are sure to come."

Protecting the Farmer

But farmer-labor leaders here feel that American farmers must be protected against importation of foreign grain before they can afford to store up 2,000,000 bushels of wheat at a cost of \$150,000,000. The intermediate credit system may solve the storage problem, but storage would not save off the farmers' losses without a protective embargo.

"The right kind of tariff law would furnish the farmer against the necessity of emergency legislation," said Senator Johnson. "I don't mean that everything about the Fordney-McCumber act is wrong, but it certainly needs fixing. I have been too busy with the campaign to study its defects."

It is said that the French government will accept the note as a basis of discussion.

From authoritative sources the United Press learned the British note proposed an international commission to be appointed by those nations expecting reparations to determine Germany's capacity for payment. This, as well as other points of the note, was said to be unacceptable.

BRITISH NOTE IS RECEIVED IN AMERICA

Washington, July 21.—The British note on the Ruhr and reparations has been received at the State Department and is now being decoded, it was announced today.

Officials refused all comments on the note.

WASHINGTON IS BUZZING POLITICALLY

(By United Press)

Washington, July 21.—Fired by the insurgent torch of Magnus Johnson in far off Minnesota, Washington was buzzing today with talk of a threat to President Harding's re-nomination.

Just as the Harding re-nomination boom thrived in the sun of returning prosperity, it has withered somewhat under the election results in Minnesota, political prophets say.

Another change of political atmosphere, and the dark cloud of opposition may pass.

Administration leaders could see these developments in the light of a statement by Senator Moses of New Hampshire, chairman of the Republican senatorial campaign committee:

1. The anti-Harding forces in the senate redoubled efforts to keep Mr. Harding off the Republican ticket on the theory that he can't win, because:

2. Formidable third party movements, with both Henry Ford and Senator LaFollette as candidates being freely predicted by Moses, which would divide the Republican strength, and:

3. The possibility of President

5 YEAR OLD SON OF J. MONTGOMERY DROWNED AT NOON

WAS WADING IN WATER NEAR
GULL LAKE HOTEL WITH
HIS MOTHER

LATTER RELEASED HER HAND
A MOMENT AND HE SLIPPED
FROM SIGHT

A pall was thrown over the festivities of the state convention of county agricultural agents at the Gull Lake hotel, Gull lake, near the noon hour when little Andrew Montgomery, age 5, son of Mr. and Mrs. Joseph Montgomery, of St. Paul, accidentally drowned in the lake.

The boy accompanied by his mother, older brothers and sisters, had been wading in the lake for some time. Mrs. Montgomery had gripped by the hand and was laughingly teaching him to swim.

She released her hold for a moment and spoke to some friends. When she turned back to the little lad, he had disappeared. Whether the current had seized him or he had stepped into a hole will never be known.

The authorities were notified in Brainerd and grappling irons obtained. A doctor and pulmotor were quickly on the scene. Up to 1 P. M. the body had not been recovered.

Mr. Montgomery, so far as known, is interested in a co-operative livestock shipping association of South St. Paul.

County Agent E. G. Roth telephoned to Brainerd shortly after dinner for more help in dragging for the body, and Chief of Police Harry Gaskill sent out a number of men, with additional dragging apparatus.

The special grappling hooks, made at the time of the search for the Bikkie boy last winter, have been kept at the fire station, and these were taken out to the scene of the accident by B. C. McNamara.

Dr. M. P. Gerber went to the lake to give assistance in resuscitation when the body is found. The pulmotor belonging to D. E. Whitney may be brought into use, also, in an effort to save the little fellow.

Mrs. S. A. Riches, of the Gull Lake hotel furnished a lunch at noon for those who are dragging.

4 P. M.—Body reported found.

"KOW YUST SAY 'BOO,' DIE RIDE IN MY ARMS," SAYS FARMER IN SUIT

Blue Earth, Minn., July 21.—Austin Peterson, a farmer living here, is seeking to recover \$99 from a railroad company which he alleges is responsible for the killing of a cow. He also is asking \$10 for the trouble of burying the dead animal.

In his letter to Claim Agent Murphy, Mr. Peterson says he is a "poor feller," and continues: "Ay was sitting on my fence, watching my kow eat the railroad grass and you big engine come down and kill my kow and hit my kow ride between the crossing and the telephone post, and he cut the two legs of my kow by the tail and his head he lay on the other side of the fence. I holler at the man what was making the cars go, but he don't stop—so I go back to my kow and he yust say boo hoo and he die ride in my arms. If I bury him in a hole, will it be all rite if you want him when you come up I dig him up again, but he is dead yust the same."

Harding's defeat in the Republican convention by LaFollette, who, Moses predicted, can control 102 delegates and the balance of power if another strong candidate enters the race, and

4. Senator Hiram Johnson of California "returns from Elba" at the psychological moment for a presidential boom, following a demonstration in New York.

LOCAL NEWS NOTES

Items for this column will be gladly received. Telephone 74.

THE WEATHER

staff of the Northern Pacific hospital.

Miss Ethea Lind of Lewiston, Idaho, is visiting Miss Mabel Albers. She is enjoying a three months vacation and will visit other points before returning to her home.

The county commissioners met today to clean up the business of the week, and to adjourn until the August meeting. The board has been in session all of this week, first on equalization work and later in highway inspection.

All aboard for the "Westbound Limited" at the Lyceum Sunday. It

At the meeting of the Little Falls Tennis club last evening Miss Bernadine Randall was elected president and Miss Bessie Bastien secretary-treasurer. Games have been booked by the club with Royalton, Randall and Brainerd teams but the dates have not as yet been set.—Little Falls Daily Transcript.

Remember "Mighty Lak a Rose"? Here's the second of that great director's pictures, "The Girl of the Golden West," at the New Park tonight and Sunday.

Father McGreevy, representing St. Mary's college for boys and young men at Winona, Minn., will be in Brainerd over Sunday. He will talk on higher education at all of the masses on Sunday morning at St. Francis Catholic church. Father McGreevy is touring Northern Minnesota interviewing prospective students for his college.

The Kalani Deluxe Hawaiian quartette and "The Girl of the Golden West" at the New Park tonight and Sunday at regular prices. 11

Mr. and Mrs. Clyde Campbell will motor to Brainerd tomorrow morning to attend a convention of all county agents in the state, which will be held at Gull lake Saturday and Sunday. An interesting program of business and entertainment has been prepared for the two-day session. Mr. Campbell was at one time county agent for Morrison county.—Little Falls Daily Transcript.

Caruso made it immortal in opera. Now Edwin Carewe gives it to history as a marvelous motion picture. "The Girl of the Golden West," at the New Park tonight and Sunday. 11

LOST—Violin, between Lum park and West's summer resort. Please return to 624 So. 5th St., or phone 493-W. Reward. 11

Neighbors and friends will give a benefit dance for L. Bourassa at the latters' barn on Monday evening. Everybody is invited. It is a most worthy cause. Mr. Bourassa recently losing his home and all its contents when the place was struck by lightning and was leveled to the ground. The farm is located about three miles south of Brainerd on the 13th street road.

Heavy Snowfalls. At some places in the Sierra Nevada and the Cascade mountains from 30 to 40 feet of snow falls during the winter months. At Summit, Cal., which has an elevation of about 7,000 feet, there has been recorded 60 feet of snow in a single season and about 25 feet in a single month.

We have just received a shipment of new Crepe Silk. This silk makes up beautifully. It sells at \$2.50 per yard and may be had in a number of shades. Would like to show them to you.

B. Kaatz & Son

Has Healthy Appetite

Freddie Bathman, shown at left, is thirty-six inches tall and weighs precisely 125 pounds. For breakfast he often eats four boiled eggs, a pound of fried potatoes, a few rolls and a cup of coffee. For luncheon he consumes a pound and a half of wienies. Dinner is in proportion. He is three years old. He is the son of Frederick Bathman, who is 27 years old and weighs 140 pounds, his mother, Ida Bathman, weighs 110 pounds. He lives at Rensselaer, Ind., and has a brother, Edward, who weighs thirty pounds.

Dark Beaver Fur Most Valuable. The darkest and handsomest deep ebony-brown beaver fur is found along the south shore of Lake Superior. It is worth several times as much as the paler varieties from the Western and Southern states.

Those Mad Wags. The butcher suggested a saddle of mutton. "Saddle?" said the man who was doing the marketing for his wife. "No make it a bridle; I'll stand a better chance of getting a bit in my mouth."—Packer's Journal.

But My Case Is Different

No it is not. It may involve some peculiar combination of nerves and the manifestation may seem different but 95% of all dis-ease is caused by pinched nerves. We, as chiropractors, relieve that pressure by adjusting the vertebrae of the spine. And your peculiar case surprises you by recovering. Who did it? Your own innate life forces. The chiropractor simply used mechanical force to restore your mis-aligned vertebrae. Consultation, spinal analysis, and booklets free.

11:00 A. M. Service in English by Rev. Cody.
Special singing
Everybody welcome.

† † †

The First Baptist Church
The services of the First Baptist church will be held Sunday morning and evening at the usual hours with preaching by the pastor, Rev. Arthur C. Smith.

At 9:45 the Bible school session, to which all scholars, officers and teachers are asked to attend and help make the most of the lessons and the work these summer days.

At 11 o'clock divine worship and preaching service. Sermon by the pastor on the subject: "The Mystery of Godliness." All members and friends are urged to assist in keeping up the attendance at the morning worship.

At 7:45 the evening service of song and sermon. The pastor will speak on "The Scarecrow."

The evening services for the summer will be short, with good singing and timely topic. All who can, should be in attendance. All tourists and campers and sojourners in our city over Sunday will find a cordial welcome.

The B. Y. P. U. meets at 6:45. Let all the young people be on hand and help in the evening service.

Rev. Arthur C. Smith, Minister.

As It Used to Be.

Headline in exchange: "Cop Arrested for Taking Bribe." We are reminded of the old joke about policemen having a snap because the public pays them for protection from vice, and vice pays them for protection from the public.—Boston Evening Transcript.

Makes Tire-Inflation Easy.

An extremely handy device for inflating a tire, is in the form of a small drum that is filled with a gas, harmless to rubber, and sufficient in quantity to inflate a tire to 65 pounds pressure, without jacking, in a few seconds.

TAKE SALTS FOR A KIDNEY BACKACHE

Drink Lots of Water All Day Long to Keep Kidneys Flushed

Too much rich food forms acids which excite and overwork the kidneys in their efforts to filter it from twice a year.

the system. Flush the kidneys occasionally to relieve them like you relieve the bowels, removing acids, waste and poison, else you may feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, the stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, the channels often get irritated, obliging one to get up two or three times during the night.

To help neutralize these irritating acids and flush off the body's urinous waste, begin drinking water. Also get about four ounces of Jad Salts from any pharmacy, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine and bladder disorders disappear.

This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive and makes a delightful effervescent lithia-water drink which millions of men and women take now and then to help prevent serious kidney and bladder disorders.

By all means, drink lots of good water every day. Have your physician examine your kidneys at least twice a year.

ALL the railroad dramas ever created on stage or screen are dwarfed completely by this perfect mastodon of stupendous thrills and heart-tugs. You'll be hurled through a hundred soul-tingling episodes and then plunged deep into one of the most stupendous scenic climaxes ever screened. Don't miss this colossal tribute to the greatest of all public servants—THE RAILROAD MEN OF AMERICA!

Making an Asset of Difficulties

A great opportunity is now before American business—the opportunity of making a big and permanent asset out of the very difficulties of the present situation. The conviction that this can be done is extremely heartening. It is enough to put a new thrill of life and activity into every form of industry.

From one point of view the present situation is by far the most desirable, the soundest, the sanest and the most hopeful this country has ever seen. Why? Because it brings into bold relief, through sheer necessity, the latent power to create conditions as we would like to have them.

The curtailment of Demand for the products of industry brought us face to face with the question, hitherto ignored, as to what causes demand. Then it was discovered that Demand was a created thing, and that more of it could be created in almost any direction—if enough of the right effort were applied.

Chief among the means of creating Demand is now seen to be Advertising. Wherever you find a big demand for any product you find, invariably, that the demand for that product has been stimulated by human effort, and chiefly through advertising.

It is obvious to any one who will think it through that the present demand for any product could be substantially lessened if it were possible to eliminate all forms of advertising—including pictures, displays, and word of mouth, as well as printed and painted messages—and just let that product depend on the natural or unstimulated demand.

And it is equally obvious that a demand for any worthy product can be created and stimulated by means of Advertising.

This fact puts within the hands of the business man the means of creating his own market. That would be the biggest asset he could have—an assured market for all he could produce.

SATURDAY, JULY 21, 1923

THE ONE WORLD-WIDE ORGANIZATION

It is not generally known that there is one League of Nations that is functioning to the satisfaction of all the nations of the world. In that league, Germany, Russia and the United States, which are not represented in the League of Nations, meet with representatives of the nations that have adopted the League of Nations and accepted membership in it.

The Health commission of the League of Nations is a functioning world league which binds the nations together in an international effort to serve the ends of the world's health. In this commission the United States takes its place and is one of the most aggressive members of the body. The meetings of the commission are held in Geneva, half a mile from the building in which the Red Cross was born fifty-nine years ago. The commission represents a united world effort to suppress disease and marks an intelligent advance in the cooperation of nations upon a problem that has been too difficult for the nations acting separately.

Already the health commission of the League of Nations has many accomplishments to its credit and its study of conditions in all parts of the earth is destined to conserve the health of the world's inhabitants.

The increase in transportation facilities and the rapid movements of people from place to place, in a world whose boundaries are receding, has resulted in the possibility of the spreading of disease more widely than was likely when transportation and travel were not so prevalent. Rivers running through several nations, ships crossing from country to country, trains traversing vast stretches of territory, these have all added to the problem of combating disease. International travel, by inviting new dangers from disease, demanded international cooperation in facing the danger, and this has been made possible by the health commission, that has unified the nations for the first time in a world organization facing world problems.

COUNTY AGENTS VISIT BRAINERD

BRAINERD is hospitable. Every summer it is given an opportunity of extending its hospitality to those who come this way to enjoy the refreshing breezes and beautiful scenery of Minnesota's Ten Thousand Lakes. Brainerd is proud of its situation as the gateway to such a glorious territory.

Brainerd is without accommodations for large conventions but it does offer a great deal to those who wish to make it their headquarters while they spend a summer vacation at the adjacent lakes. Its people are delighted when groups of men decide to come this way, and they will offer a cordial greeting to the fifty county agents and the extension workers of the agricultural department of the University of Minnesota who, with their families, will spend three or four days of their summer outing at Gull lake.

More and more our cities are conscious of the fact that the city's best asset is a prosperous agricultural environment. Agriculture is a permanent asset and as a rule a developing asset, and those who depend upon agricultural development for the development of their businesses and the increase in their property values, to say nothing of the supply of their foodstuffs, are ready to offer a warm greeting to men who are engaged in the work of improving the farm life of the state.

These men who are experts in alfalfa may not teach our people anything new about catching fish and yet, such is fisherman's luck, that one of them may carry away the prize-winning catch of the season. But whether they do or do not rob our local people of a record catch, Brainerd welcomes them and feels gratified that these men, who go out into the rural places of the state, have chosen to come to Brainerd and Gull lake for their summer outing.

THERE are people in Brainerd who wish that other territories would keep their weather to themselves. Brainerd's citizens expect to sleep at night in comfort.

EDITORS exist by expressing opinions, and the city of Brainerd is intent upon securing the good opinion of the editors when they visit this city.

MOST people want to do the right thing but not all are sure what it is or how to do it.

OUR citizens don't need to go far to find ideal picnic grounds.

"Westbound Limited"

Of all the romantic figures in American commercial life there is none perhaps that stands out in such bold relief as the railroad man.

In the hands of one smoke blackened, begrimmed figure sitting in an engine cab, with his hand on the throttle while his eyes peer up the

tracks, lie the destinies of hundreds of passengers riding behind. A slight mistake in signals, the misarrangement of a train order, the loosening of a bolt in a train or a confusion of the right-of-way may be responsible for sending hundreds of persons to their death.

Emory Johnson has seized upon

this great subject and tinged it with all its romance in filming his colossal drama of the rails, "Westbound Limited," which will be shown at the Lyceum Theatre, starting Sunday. He has depicted railroad life as it really exists, from the humble switch-tender to the imposing president himself. Against the commercial background of railroad tracks, engines, trains, smoke, water-tanks and the perpetual dangers of the life is revealed one of the most beautiful romances that has ever graced the pages of literature.

Russell Simpson, Sylvia Breamer and J. Warren Kerrigan in "The Girl of the Golden West"

"Girl of the Golden West" Showing at the New Park Tonight and Sunday

Made doubly fascinating by the elimination of the usual scenes which have made too many western plays more or less monotonous, Edwin Carewe's picturization of "The Girl of the Golden West," a First National production, began its showing at the New Park Theatre today and was enthusiastically greeted.

As a rule, Western dramas, especially those which depict life of the gold rush days, are over-crowded with cheap, meaningless melodrama which leaves no impression upon the mind and does not really entertain. In "The Girl of the Golden West," however, Director Carewe has, as he did in "Mighty Lak a Rose," brought in the strong, human touches and developed the odd romance of the famous Belasco stage triumph in a way that holds one's undivided attention from the first title to the last flash.

As he did in "Mighty Lak a Rose,"

Mr. Carewe proves himself an artist in picking characters for "The Girl of the Golden West." Several score of real California pioneers participate in the action of the play and many of the historic landmarks of the gold rush days are visible in the background of various scenes.

"The Girl of the Golden West" has long been regarded as David Belasco's outstanding stage success. The Puccini operatic version was acclaimed a triumph. And now with the advantages of the screen, comes Mr. Carewe's screen play, and if the manner in which it has been received here can be taken as a criterion, it seems destined to surpass the brilliant records of its predecessors.

In addition the "Kalani Deluxe Hawaiian Quartette," a high class vaudeville act direct from the leading theatre of the state, will entertain the patrons of the New Park on Saturday and Sunday, singing, playing and dancing. Native and American popular numbers will be used.

Rattling Good Crook Picture at Lyceum

Not for a long time have local picture fans seen a screen production as thrilling as "The Face in the Fog," a new Cosmopolitan-Paramount picture which opened at the Lyceum Theatre last night, and which is being shown again tonight.

It is a crook story with the moral that "it takes a crook to catch a crook." "Boston Blackie" Dawson, a reformed crook is called upon to ferret out a nest of Russian criminals, desperate in their search for the diamonds of the Grand Duchess Tatiana. And "Boston Blackie" gets the rascals in a manner altogether

satisfactory to the audience.

In the role of Blackie Dawson is Lionel Barrymore, whose creation of "The Copperhead" and other striking screen parts made him famous. Seena Owen, a popular screen star, plays opposite Mr. Barrymore with her accustomed artistry. Louis Wolheim, who attracted attention with the first appearance on Broadway of "The Hairy Ape," takes the part of the brutal criminal. As the polished Russian adventurer Lowell Sherman does work every bit as finished as his acting in "Lawful Larceny."

Mary MacLaren also depicts a prominent feminine part effectively. "The Face in the Fog" is a picture ranking well above the average. The alert movie-goer will not miss seeing it tonight.

Miss Emiline Brett soprano soloist who comes direct from the Lyceum Theatre, appearing here at the Lyceum tonight and Sunday.

Profitless Occupation.

An Indian in the Punjab writes in ink in Arabic a verse from the Koran on a grain of polished rice. The verse is written by the projected and polished finger nail of the writer and the Arabic characters are so beautifully traced that one may read them with the naked eye. The artist, a middle-aged man, has been doing this kind of work for years.

The Falling Star.

A star fell, leaving a trailing line of light in its wake, and suddenly I felt a little sad, for a Siwash Indian chief had told us that when a star fell it was a flower tossed by the hand of a good spirit from Paradise to ease the pain of a soul passing out into the Great Darkness—"The Wild Heart," by Emma Lindsay Squier.

Banks can't afford to experiment with cheap help. You can't afford to experiment with cheap schools. "Follow the Successful." Early Fall term begins August 1st. Smaller classes, quicker advancement. Write F. L. Watkins, Pres., 806 Front St. Fargo, N. D.

NO 333 Nemo SELF-REDUCING CORSET
Nemo Self-Reducing No. 333 is a real bargain. It has a low top and medium skirt. Made in durable pink or white coutil; sizes 24 to 36—and costs only \$3.00. If your dealer can't get it, send name, address, size and \$3. We'll send the corset. Nemo Hygienic Fashion Institute, 120 E. 16th St., New York (Dept. 819)

BAND CONCERT HEARD BY MANY

Automobiles. Three Deep, Line Three
Sides of Gregory
Park

PROGRAM ESPECIALLY PLEASING

"Tuning up" of Cars During Con-
cert Numbers Should be
Avoided

The band concert at Gregory park Thursday evening was listened to by the usual large attendance, both afoot and those in automobiles, which lined three sides of the park. The program was an especially pleasing one, and drew forth many favorable comments. The selections were varied, with both popular and classical numbers, foxtrots, waltzes, serenades, overtures and marches.

One criticism was made, not on the band but on that part of the audience parked in automobiles. It is stated that many drivers "tuned up" their cars and back away from the curb while the band is playing, making so much noise that no one in the vicinity can hear the music.

The intermissions between the band numbers are of sufficient length says W. R. Hiller, the leader, that any who care to leave in their cars during the concert may do so at such times, and not disturb those who are trying to hear the band play.

The order of next week's concert has been changed somewhat. The Thursday's evening concert will be given by the Juvenile band of the Buxton, North Dakota high school, which comes to Brainerd under the auspices of the local Lions club. This concert will be given at Gregory park.

The Brainerd Municipal band will change the date of its concert to Saturday evening, at tourist park as a courtesy to the Northern Minnesota Editorial Association, in convention in the city at that time. This will give citizens an opportunity to hear two bands during the next week.

MISS EMILINE BRITT

Soprano Soloist Direct From the
Duluth Theatres Featured at
Lycium

Miss Emiline Britt, soprano soloist direct from the Duluth theatres, is featured on the Lycium's program this week-end.

Miss Britt comes to Brainerd highly recommended, and her singing will be a real treat to music lovers of the city. Her repertoire includes both classical and popular songs, and her pleasing manner on the stage does much to make everyone in the audience her friend.

The Lycium theatre has been specializing of late on soloists, and has been giving its patrons some very fine talent in this line. The appreciation of the public is shown in the large attendance and the applause which is given each number.

With the vaudeville act of Miss Britt's are two especially fine pictures, a different one for each day. On Saturday Lionel Barrymore makes his final appearance in "The Face in the Fog," and on Sunday the much talked-of railroad picture, "The Westbound Limited."

With this change of program each evening, the public is given an opportunity to hear Miss Britt and witness a different film on Saturday and Sunday.

IN MUNICIPAL COURT

2 Cases In Court Following Raid
Made by Chief Harry Gaskill
Thursday

Henry Wise and Joseph Brecht were arraigned in municipal court Friday, Wise on a charge of transporting liquor, Brecht for maintaining a nuisance.

The case was continued until Tuesday morning, July 24th, with bail in each case set at \$150, which was furnished.

These cases are the outgrowth of a raid made by Chief of Police Harry Gaskill and his officers on Thursday evening.

A. E. O'BRIEN

Minneapolis Young Man Passed
Away at Pelican Lake Re-
sort Friday

Arthur Ernest O'Brien, of Minneapolis, died at the Idle Hour summer resort on Pelican lake Friday, from tuberculosis. He was 36 years of age, and had been at Pelican lake since June first in an effort to regain his health.

The body was brought to Brainerd and prepared for shipment to Minneapolis, where burial will take place.

MISS HAZEL WHITFORD

Passed Away at Minneapolis—Fun-
eral Held at Brainerd
Friday

Miss Hazel Whitford, aged 25 years, formerly of Brainerd, died in Minneapolis, July 18th, death resulting from peritonitis.

She is survived by three sisters and a brother, being Mrs. F. Johnson, Mrs. Joseph Rebholz and Miss Flora Whitford, and Richard Whitford, all of Minneapolis.

The family resided here for some time, moving to the cities about eight years ago.

The remains were brought to Brainerd Friday and services held at the McNamara chapel Friday afternoon, Rev. E. A. Cooke of the Methodist church officiating. Interment was made in Evergreen cemetery.

DISTINGUISHED SERVICE CROSS

Sidney Carl Hanson Post of Brainerd
Urges Men Entitled to Same,
be Awarded Decorations

CITATIONS FOR THEIR BRAVERY

Many Soldiers Were Entitled to the
Reward and Never Realized Its
Intrinsic Value

This resolution will be submitted to the district convention of the American Legion in session at Little Falls today.

At a regular meeting of Sidney Carl Hanson Post, No. 255 of Brainerd, Minnesota, held July 16, 1923, the following resolution was adopted:

"Inasmuch as there are ex-service men in the United States who, while serving with the forces of the United States, were cited by their commanding officers for bravery in action and distinguished service in the line of duty, but, because in some cases they have been unwilling to make an effort to secure the Distinguished Service Cross of the United States, have not had this medal conferred upon them.

"Therefore, Be it Resolved: That Sidney Carl Hanson Post request the Sixth Minnesota District, the Minnesota Department and the National organization of the American Legion when in convention assembled to consider the following resolution and act upon it.

"Be it Resolved: That the best efforts of the Legion be directed to securing the Distinguished Service Cross for such comrades of the World war as were cited by their commanding officers for bravery in action and recommended for the distinction to which their valor in the line of duty entitled them, that the American Legion use its influence upon Congress for the purpose of securing legislation that will confer upon these men the Distinguished Service Cross, when they have submitted their citations to a committee duly appointed to receive them, when such citations prove the holder to be entitled to the medal named.

"Further, that a special committee of the Legion be either elected or appointed to work with the local posts in furthering this proposal and with the committee appointed by Congress to consider claims."

MAY BE RIVAL OF KING PURNELL

DR. H. B. ALLEN HELD ON A
MANN ACT CHARGE AT LOS
ANGELES

(By United Press)
Los Angeles, July 21.—The Los Angeles police believed today that they had discovered the rival of King Benjamin Purnell and his harem in the House of David.

Dr. Helen B. Allen, of Sabot, Virginia, the "father of 57 children," is being held on a Mann Act charge involving one of his "daughters," 11-year old Gladith Allen, the "high stepper from the mountains," while authorities investigate his career in Hollywood.

Dr. Allen, who is believed to have established a record for "adoptions," is charged with transporting Gladith from Sabot to Pittsburgh. Gladith was arrested in the Smoky City after an alleged wild party in which a taxi-cab driver was the other principal, and his story to authorities led to the arrest of her "daddy."

After the adoptions had been going on for some months, he was indicted and his school for poor boys and girls broken up. Two months ago "daddy" fled to Hollywood under an assumed name. With him were two of the brightest and prettiest girls of the school, Myrtle Enloe, 17, and Myrtle Cruise, 19. Mrs. Cruise, 29, the latter's sister-in-law, came along as housekeeper.

Courage Always Admired.
Courage is a quality so necessary for maintaining virtue that it is always respected, even when it is associated with vice.—Dr. Johnson

SOUTHERN TOURISTS ARE COMING NORTH

Miami, Florida, Enthusiastic Over
Beauties of Brainerd Tourist
Camp

IOWA SENDING MANY PEOPLE

Large Immigration From Corn State
to Brainerd Lake Region to
Avoid the Heat

Turn about is fair play. Many tourists from the northern states go to Florida for the winter season, and it is only fair that those living in the South should reciprocate, during the summer.

O. J. Prenzost is putting this into practice. He and his family hail from Miami, Florida, and stopped at the Brainerd tourist camp Friday night. He was very enthusiastic in his praise of the local camp grounds, and will have some suggestions to take home for use there. He states that an increasing number of tourists to the South each year are traveling by automobile and camping enroute. Down in his territory they are called "Tin can tourists," because most of the food they use is of the canned variety.

The past week the majority of the tourists at the Brainerd camp have come from Iowa. There seems to be quite an immigration to Minnesota from that state to avoid the heat, which residents there state is nearly as intense during the night as in the daytime.

The following is the list of tourists registered at the camp for Thursday and Friday:

Thursday, July 19th

Mr. and Mrs. A. H. Bergma, Norwood, Minn.

Helen Harms, Waconia, Minn.

Mr. and Mrs. W. C. Wilson, Mason City, Iowa.

Mr. and Mrs. J. A. Gorham, Council Bluffs, Iowa.

Mr. and Mrs. C. L. Sanders, Vinton, Iowa.

Mr. and Mrs. John Krantz, Norfolk, Nebraska.

Mr. and Mrs. Henry Voldt, Anoka, Minn.

Mr. and Mrs. R. S. Heiringer, Marysville, Kansas.

Mr. and Mrs. Earl McPherson, Redwood Falls, Minn.

Ruby Stevens, Irene Armundson, Frances Goodridge, Coleraine, Minn.

Mrs. B. Schmidt, St. Paul, Minn.

M. C. Hagen, Anoka, Minn.

George E. Thompson and family, Ames, Iowa.

C. E. Allen and family, St. Paul, Minn.

G. C. Northcutt, C. C. Wood, Wagon, O. Wiggins, Macon, Mo.

F. E. Quinn and family, Lynnville, Iowa.

W. B. Johnson and family, Pella, Iowa.

W. R. Porterfield and family, Jefferson, Iowa.

W. B. Brown, H. T. Page, Minneapolis, Minn.

J. K. Easthagen and family, Minneapolis, Minn.

Ed. Warren, Peter Peterson, J. B. McDevitt, Minneapolis, Ray Ahlberg, Joliet, Ill.

Mr. and Mrs. Ed. Redfelle, Goodridge, Minn.

B. H. Barn, Minneapolis, Minn.

Mr. and Mrs. M. E. Regan, Minneapolis, Minn.

J. L. Graham and family, Winterset, Iowa.

L. A. Markilsen and family, Cedar Falls, Iowa.

Phil Konkile, Winterset, Iowa.

Mr. and Mrs. E. C. Williams, Warwick, N. D.

Mr. and Mrs. J. R. Bunyon and daughter, Waterloo, Iowa.

Mr. and Mrs. F. Davis, Hopedale, Ill.

Frances Hollinger, Elmhurst, Ill.

Mr. and Mrs. L. E. Miller, Des Moines, Iowa.

E. T. Fox and family, Des Moines, Iowa.

E. W. Avery and wife, Anoka, Minn.

Mrs. E. H. Foss, Dorothy Foss, Blanche Curtis, Minneapolis, Minn.

P. S. Sarwain and family, St. Joseph, Mo.

E. J. Wiles and family, Bangor, Wis.

E. P. Britt and wife, St. Joseph, Mo.

Mr. and Mrs. A. P. Brown and family, Glenwood, Minn.

H. A. Landt and family, Herman, Minn.

Mr. and Mrs. Guy Bunow and family, Marion, Iowa.

Mr. and Mrs. O. A. Malm, Minot, N. D.

Friday, July 20th

Mr. and Mrs. B. D. Brackin, Alexandria, Minn.

E. J. Robards and wife, Alexandria, Minn.

W. J. Pope and family, Cherokee, Iowa.

Chris Helin and family, Cherokee, Iowa.

Glen M. Jennings and family, Clarion, Iowa.

H. J. Rice and family, Benson, Minn.

J. E. Boucher and family, Minneapolis, Minn.

W. H. Finney and family, St. Paul, Minn.

O. J. Prenzost and family, Miami, Florida.

Ray E. Barnard and family, Pequot, Minn.

Dr. and Mrs. Wallard, Des Moines, Iowa.

Mr. and Mrs. Robert Sutton, Des Moines, Iowa.

E. A. Arnott and son, Minneapolis, Minn.

G. P. Jenkins and family, Onawa, Iowa.

Ward Nelson, Minneapolis, Minn.

L. G. Engberg, St. Paul, Minn.

Mr. and Mrs. H. E. Schmidt and family, Detroit, Minn.

Mr. and Mrs. L. E. Sabine and family, Albany, Minn.

A. J. Sweigert and wife, Minneapolis, Minn.

Mr. and Mrs. T. O. Thompson, Nevada, Iowa.

R. Dick, Bonaparte, Iowa.

Mr. and Mrs. Francis O'Donnell, Deluth, Minn.

Lillian and Janice Felthans, Minneapolis, Mrs. William Valentyn, Glencoe, Minn.

Mr. and Mrs. J. O. Davenport, Oklahoma City, Okla.

C. C. Miller, Elmer S. Peterson, Milton Grimsrud, Appleton, Wis.

Dr. W. C. Bromogh and family, Belle Plaine, Minn.

G. R. Morey, Perna Morey, Riceville, Iowa.

Mr. and Mrs. G. H. Werncon, Deloit, Iowa.

Mrs. James C. McVeety and daughter, Donnybrook, N. D.

Mr. and Mrs. R. J. Hill and son, Portage La Prairie, Minn.

C. F. Taylor, Chicago, Ill.

Mr. and Mrs. H. L. Wyatt, Des Moines, Iowa.

Mr. and Mrs. L. H. Norris, Des Moines, Iowa.

Frank Davis and wife, Sisseton, S. D.

Roscoe and Elmer Gunther, Ray, Minn.

Dodd, Ft. Dodge, Iowa.

Edwin Baldowsky, E. Davis, K. Paige, Elk River, Minn.

C. E. Walbridge and family, Des Moines, Iowa.

E. W. Stumback, Robbinsdale, Minn.

Mr. and Mrs. M. D. Rich, Minneapolis, Minn.

Dr. and Mrs. L. Baker, Minneapolis, Minn.

Mr. and Mrs. A. Olsen, Peoria, Ill.

H. C. Duvoss and family, Hill City, Minn.

Mr. and Mrs. J. H. Sullivan and son, Bemidji, Minn.

banquet each year and then locked up again.

Peter Hall, Atwater, John Goff, Soldiers' Home, St. Paul, and Charles Lockwood, Chamberlain, S. D., were the trio who sat at the banquet today. At noon they took their old places around the table opposite each other, and bowed their aged heads in silence for a moment as memories of past banquets flitted past dimmed eyes.

They are all members of Company B, First Minnesota Infantry, which won honors in the Battle of Bull Run.

Emil Graff, St. Cloud, Florida, is the fourth surviving member of the club. He was unable to attend today's banquet. He is an invalid and unable to travel.

Scores of friends of the aged soldiers came to congratulate them on having weathered another year of life.

Hed to Wait a While.
"Does your sister go to school, too?" I asked a little girl as she passed my yard. "No," she answered me, "she is waiting to get enough olds so she can think lessons."

She Was Correct.
"I want a license for my dog," said the fussy dame. "Yes, madam," responded the clerk. "What ram-y?" "Fido," said the fussy dame.

FOR OVER 40 YEARS
HALL'S CATARRH MEDICINE has been used successfully in the treatment of Catarrh.

HALL'S CATARRH MEDICINE consists of an Ointment which quickly Relieves by local application, and the Internal Medicine, a Tonic, which acts through the Blood on the Mucous Surfaces, thus reducing the inflammation. Sold by all druggists.

ORDINANCE NO. 311
Relating to and Regulating the Construction, Operation and Use of Smoke Stacks in the City of Brainerd.

The City Council of the City of Brainerd do ordain:

Section 1. No person, firm or corporation shall hereafter construct, reconstruct, alter or repair any furnace, boiler, stack, or other apparatus connected with such stack within the fire limits of the City of Brainerd until he or it shall have made application to the city engineer for and shall have obtained from him, a permit for such construction, reconstruction, alteration or repair, and he or it shall, on demand, furnish said city engineer with proper and sufficient plans and specifications, showing the style and dimensions of the furnace, boiler, stack and other apparatus connected with the stack intended to be used, a description of the building or part thereof in which such furnace, boiler or other apparatus is located, and a general statement of the purpose intended for the purpose of preventing smoke, together with a statement of the kind of fuel intended to be used and of the operating requirements to be made of the furnace, or furnaces, and other apparatus referred to therein. The City Engineer shall either approve or disapprove of any such application and of any plans and specifications submitted in connection therewith within ten (10) days after the filing of the same with the said City Engineer.

Section 2. It is hereby declared that it will be unlawful for any person, firm or corporation to permit of the emission of offensive odors from any smoke stack or chimney under his or its charge or control, and the City Engineer is hereby given authority to order the extension of any smoke stack or chimney, or to order any other change and alterations which produce offensive odors that will result, in his opinion, in the abatement of any nuisance arising therefrom.

Section 3. The issuance of a building permit by the City of Brainerd to erect, alter, or repair any building in the City of Brainerd shall not be held to in any manner or waive any provision of this ordinance.

Section 4. The continued violation of any provision of this ordinance shall be and constitute a separate offense, under this ordinance, for each and every day such violations of any provision hereof shall continue.

Section 5. The owner, lessee, occupant or manager of any building, and the agent in charge of any building, and the fireman, engineer or any other person having charge or control of any furnace or stationary engine who shall, cause, permit or allow dense smoke to issue or be emitted from the smoke stack or chimney, or of any such building or from the smoke stack or chimney connected with any such furnace or stationary engine within the fire limits of the City of Brainerd, shall be deemed and held guilty of creating a public nuisance and of violating the provisions of this ordinance.

Section 6. Any person or persons violating the provisions of this ordinance, shall, upon conviction thereof before the Municipal Court of this city, for every such offense, be punished by a fine of not exceeding one hundred dollars (\$100.00), and not less than twenty-five dollars (\$25.00), and may be imprisoned until such fine is paid, not exceeding ninety days.

This ordinance shall take effect and be in force from and after its publication.

Passed 16th day of July, 1923.

H. F. MICHAEL,
President of the Council.

Approved 18th day of July, 1923.

DRINK TOAST
IN PLAIN WATER

CIVIL WAR VETERANS CLUB HAS
INTERESTING SESSION IN
STILLWATER

Stillwater, Minn., July 21.—Three men gathered around a table set for 34 and drank a toast of water to the departed members of the Last Man's Club here today.

A new bit of crepe hung on the chair of Adam Marty, St. Paul, who died during the last year.

There are but four men left of the 34 who formed the club in 1884 to celebrate the anniversary of the Battle of Bull Run and keep alive memories of other Civil War victories they took part in. Each year the surviving members have gathered at the Sawyer House to observe the anniversary.

In the center of the table was a quart of old wine, which it was agreed at the outset, was to be tasted only by the last surviving member. The bottle was brought here today for the banquet from the bank vault where it has rested all these years—brought out only for the anniversary.

ORDINANCE NO. 311
Relating to and Regulating the Construction, Operation and Use of
Smoke Stacks in the City of
Brainerd

The City Council of the City of Brainerd do ordain:

Section 1. No person, firm or corporation shall hereafter construct, reconstruct, alter or repair any furnace, boiler, stack or other apparatus connected with such stack within the fire limits of the City of Brainerd until he or it shall have made application to the city engineer for and obtained from him, a permit for such construction, reconstruction, alteration or repair, and he or it shall, on demand, furnish said city engineer with proper and sufficient plans and specifications, showing the style and dimensions of the furnace, boiler, stack and other apparatus connected with the stack intended to be used, a description of the building or other structure in which such furnace, boiler or other apparatus is located, and a general description of all provisions intended for the purpose of preventing smoke, together with a statement of the kind of fuel intended to be used and of the operating requirements to be made of the furnace, or furnaces, and other apparatus referred to therein. The City Engineer shall either approve or disapprove of any such application and of any plans and specifications submitted in connection therewith within ten (10) days after the filing of the same with the said City Engineer.

Section 2. It is hereby declared that it will be unlawful for any person, firm or corporation to permit the emission of offensive odors from any smoke stack or chimney under his or its charge or control, and the City Engineer is hereby given authority to order the cessation of any smoke stack or chimney, or to order such other changes and alterations which will produce offensive odors, and will result, in his opinion, in the abatement of any nuisance arising therefrom.

Section 3. The issuance of a building permit by the City of Brainerd to erect, alter or repair any buildings in the City of Brainerd shall not be held to in any manner waive any provision of this ordinance.

Section 4. The continued violation of any provision of this ordinance shall be and constitute a separate offense, under this ordinance, for each and every day such violations of any provision hereof shall continue.

Section 5. The owner, lessee, occupant or manager of any building, and the agent in charge of any building, and the fireman, engineer or any other person having charge or control of any furnace or stationary engine, who shall cause, permit or allow dense smoke to issue or be emitted from the smoke stack or chimney of any such building, or from the smoke stack or chimney connected with any such furnace or stationary engine within the fire limits of the City of Brainerd, shall be deemed and held guilty of creating a public nuisance and of violating the provisions of this ordinance.

Section 6. Any person or persons violating the provisions of this ordinance, shall, upon conviction thereof before the Municipal Court of this city, for every such offense, be punished by a fine of not exceeding one hundred dollars (\$100.00), and not less than twenty-five dollars (\$25.00), and may be imprisoned until such fine is paid, not exceeding ninety (90) days.

Section 7. This ordinance shall take effect and be in force from and after its publication.

Passed 16th day of July, 1923.
H. F. MICHAEL,
President of the Council.

Approved 18th day of July, 1923.
C. O'BRIEN,
Mayor.

Attest: E. T. PLENER,
City Clerk.

banquet each year and then locked up again.

Peter Hall, Atwater, John Goff, Soldiers' Home, St. Paul, and Charles Lockwood, Chamberlain, S. D., were the trio who sat at the banquet today. At noon they took their old places around the table opposite each other, and bowed their aged heads in silence for a moment as memories of past banquets flitted past dimmed eyes.

They are all members of Company B, First Minnesota Infantry, which won honors in the Battle of Bull Run.

Emil Graff, St. Cloud, Florida, is the fourth surviving member of the club. He was unable to attend today's banquet. He is an invalid and unable to travel.

Scores of friends of the aged soldiers came to congratulate them on having weathered another year of life.

Had to Wait a While.
"Does your sister go to school, too?" I asked a little girl as she passed my yard. "No," she answered me, "she is waiting to get enough olds so she can think lessons."

She Was Correct.
"I want a license for my dog," said the fussy dame. "Yes, madam," responded the clerk. "What ram?" "Fido," said the fussy dame.

SPORTS

BIG BUSINESS GOING IN FOR SPORTS

By PAUL R. MALLON

United Press Staff Correspondent

New York, July 21.—Big business is beginning to realize the worth of sports.

A few years ago employers in the major factories and business houses looked upon sport merely as a recreation and took no hand. Now it is considered a part of the business.

Baseball grounds, athletic tracks, football fields and tennis courts are being constructed by nearly every big plant, in the realization that such recreation may take the place of the old corner saloon. It increases the efficiency of the workers and holds them to their jobs.

Perhaps the largest undertaking of this kind has been launched by the Westinghouse Electric company, which has organized what is known as "The Westinghouse Athletic Association." The company employs more than 30,000 persons and its monthly payroll averages over \$4,250,000.

The organization pays for itself from admissions, which are carefully handled by a board of directors.

Girls' activities are under a separate association. They play baseball, tennis and basketball. At present they have one baseball team, two basketball teams and have arranged a tennis tournament.

Seven men baseball teams are formed into an intership league where prizes are offered to the pennant winner and the team finishing in second place.

The success of the scheme indicates clearly that industrial athletics have come to stay.

N. P. Baseball Team To Play St. Paul N. P.'s

The Northern Pacific baseball team of Brainerd will try to take revenge on the fast N. P. team of St. Paul, for the game they lost to them at that city some time ago.

The game will be called at 4 p. m. at the South Sixth street grounds on Sunday, July 22. The fact that the train arrives later on Sunday from the cities makes it necessary to call the game at this late hour.

As there are a number of teams on the Northern Pacific system this season, there is a great deal of rivalry, and especially is this true between the nines of St. Paul and Brainerd, who are fighting for the leadership.

The St. Paul team at present is leading the city leagues, and promises to put up a hard fight to maintain its standing on next Sunday. It is hoped that a good crowd will be in attendance to cheer the home team on to victory.

The locals won their game from the Long Lake team last Sunday by a close score, 10 to 9, and they hope to do better than this tomorrow.

The regular admission charge of 25c each will be made.

Dempsey's Portrait on Exhibition in Kansas City Art Institute

Kansas City, Mo., July 21.—The portrait of Jack Dempsey, world's heavyweight champion boxer, was among 54 chosen works of western artists which went on exhibition at the Kansas City Art Institute.

The Dempsey portrait, painted in oil by Alonzo Victor Lewis of Seattle, is valued at \$2,000. It is not for sale.

On one side of the fist champion's portrait is a picture entitled "Spring Landscape," on the other a dreamy effect labeled "Indian summer."

Discussing the inclusion of the unusual portrait, Harry M. Kurtzworth, director of the institute, said: "I do not recall ever seeing a prize fighter painted before. My first impression was that art was being degraded. Then the thought occurred that after all boxing is a man's game and a natural occupation."

Southern Minnesota Golf Tournament Opens At Rochester, July 27

Rochester, July 21.—Indications are good for a large list of entries for the second annual tournament of the Southern Minnesota Golf association, to be held on the Rochester Golf club course July 27 and 28. Competing for the six cups offered this year in the various divisions will be golfers from Albert Lea, Austin, Blue Earth, Faribault, Owatonna, Mankato, Red Wing, Winona, Winnebago, Waseca and Rochester. The cups will go to the winners of the association championship, the runner up champions in Classes A, B and C, and winner of the consolation flight.

A purse of \$50 has been hung up for the winner of a match to be played by the professionals of the various clubs in the association, \$25 to first, \$15 to second, \$10 to third.

Play for the first 18 holes will start at 9 a. m. July 27. Each club is limited to 15 players, five to constitute a team. The annual meeting will be held Friday night, to be followed by a dinner dance with the visitors as guests of the local club.

CROSBY-HIBBING GAME TOMORROW

Crosby and Hibbing cross bats at Crosby in what promises to be a fast ball game Sunday afternoon.

St. Cloud, Albert Lea Nines Play Sunday

Albert Lea, July 21.—Plans are being made to make Sunday's ball game here between Albert Lea and St. Cloud the biggest sporting event of the season in this locality. St. Cloud is reported to be one of the strongest independent clubs in north central Minnesota, while Albert Lea has been playing the best ball in the southern section of the state with a record of 11 straight wins. A record breaking attendance is predicted.

Russia Forms Young Men's Association To Promote Sports

Riga, July 21.—In an effort to increase sport in Russia the All-Russian Central Executive committee has decreed the organization of a Young Men's Sporting association. This organization is to be patterned after the Y. M. C. A. and is to be supported by the members as well as by gifts from individuals and municipalities.

Shortly after this announced soviet authorities approached American organizers doing Y. M. C. A. work in Riga and Reval, asking them to come to Russia at higher salaries.

When they asked the agents why the soviet government would not permit entrance of the Y. M. C. A. into Russia, the reply was:

"We don't like the word Christian in the name of your organization."

CANADA BARS HORSE RACE BETTING FORMS

Ottawa, July 21.—American racing forms and newspapers containing information for betting on race horses, whether the events be in the United States or in the Dominion, will be seized if they are brought into Canada. These orders have been issued to customs officers at all ports.

Some papers, including the Chicago Racing Form, already have been seized to comply with a new law. Racing books must be stamped out in Canada, it is declared and the government has announced that it will back prosecution.

Frankie Genaro Stops Bobby Gershane in Third

New York, July 21.—Frankie Genaro, flyweight champion of America, knocked out Bobby Gershane last night after 48 seconds of the third round of a 15 round match. Gershane hit the mat twice in the second round. Frankie weighed 112 pounds, Bobby 118.

ENGLAND WINS BIG TRACK MEET

London, July 21.—England won the sixth annual international track meet here today when the Oxford-Cambridge combination beat the Yale-Harvard team of the United States in the Wembley stadium before a large crowd.

Twenty to One Shot Wins Eclipse Stakes

Sandown Park, England, July 21.—The Eclipse stakes of 10,000 sovereigns, run here yesterday, was won by Lord Astor's Saltash, 3 year old chestnut colt.

Aga Kahn's Tersina was second and Sir John Robinson's Duncan Gray was third. Nine horses ran. The odds on the winner were 20 to 1 against; Tersina 10 to 1, and on Duncan Gray 20 to 1 against.

MOTLEY-STAPLES ROAD IMPROVEMENT VOTED

Staples, Minn., July 21.—Bids for reconstruction of state highway No. 2 between Motley and Staples will be called by the Todd county commissioners. The cost will be approximately \$37,000 of which amount \$17,000 already is available. The balance will be raised by bonding the county.

Let Convictions Be Firm.

To be longing for this thing today and that thing tomorrow; to change likings for loathings, and to stand wishing and hankering at a venture—how is it possible for any man to be at rest in this fluctuating humor and opinion?—L'Esrange.

DAYTON GIVES LAND TO MACALESTER COLLEGE

Minneapolis, July 21.—Development of Macalester college's extensive building program was aided by the gift from George D. Dayton, president of the board of trustees, of a tract of land at the southwest corner of Macalester and Lincoln avenues, Bishop H. Schibner, secretary of the college, announced.

"The gift is very valuable to the college," Mr. Schibner said. "The land is just across the street from the college campus, and is ideally located to become a part of the college grounds. The property is vacant and will be utilized by the college in its building program."

The land has a frontage of 215 feet on Macalester and 206 feet on Lincoln.

Real Sheiks Are Dirty, Says Wanda Hawley, Just Home From Egypt

Chicago, July 21.—"Sheiks, the real ones, are generally speaking, a dirty lot," said Miss Wanda Hawley, American motion picture star, who stopped in Chicago on her way to Hollywood. She has just returned from Egypt, where she saw all sorts of sheiks except the lounge lizard variety which infest the United States.

"The Arab sheiks are not quite so bad as the Egyptian," she continued. "The Egyptian sheiks are terrible. They are positively filthy. They put on one outfit of clothing and never take it off until it falls apart."

"Sheiks are all right—at a distance—or in the movies, but when you get near enough to see their straggly whiskers and their distaste for soap and water, there's nothing romantic or magnetic about them."

\$2,000 Pearl Taken From Clam at Beloit

Beloit, Wis., July 21.—A perfect pearl a half-inch in diameter and valued at about \$2,000 was found in a clam taken from the Pecatonica river a few miles from here by William Castner, Rockton, Ill. The gem is the largest ever found in this section of the middlewest.

FINE SENSE OF PSYCHOLOGY

David Surely Will Have to Be Credited With a Deep Knowledge of Human Nature.

An Indianapolis woman tells the following story: "The family was spending the summer in Brown cabin in the most wonderful log cabin. The immense, rough-hewn logs told of pioneer days and even now the spirit of dreams and of rest pervaded the place. From early morning till early evening hundreds of birds took turns in singing of the wild loveliness.

"The sheer beauty of it so charmed us that we were oblivious to the crudity of our practical makeshifts and settled down to living as we found it."

"One of our findings was that the bathing facilities, although adequate, were primitive. A galvanized iron tub stood in a corner of the immense porch, quite sheltered by the woods and an end of the cabin, but not so well protected from family intrusion. A bath was a game of catch-as-catch-can."

"David had arisen very early, filled his tub from the kitchen pump and was enjoying a relaxed sense of security, when he heard the gentle thud, thud, on the stairs above, which could mean none other than the footsteps of his six-year-old sister. We believe David is destined to become a leader of men. Nothing but a deep understanding of human reactions could have inspired him. Raising his voice to the n'th power he called out: 'Don't look! Don't look! And don't look to see why not!'"

Invalids of the Forest.

In the matter of longevity human beings cannot compete with trees, but according to mortality tables, human beings are more fortunate up to certain ages.

A forest at maturity contains about 5 per cent of the trees that started life there. The percentage of human beings living from ten to fifty is much greater than in the case of trees. About 95 per cent of trees die before they are eighty years old, while only 87 per cent of persons die before reaching that age.

Tired of It.

"Very few men are born to command." "Then I wish the women would stop trying to command us."—Louisville Courier-Journal.

EACH FLOWER HAS PURPOSE

Many Peoples Are Intensely Superstitious About Uses to Which They Shall Be Put.

The Japanese are very superstitious about many flowers, and will have none of them. The orchid, gentian, delphinium and azalia, are utterly prohibited for felicitous occasions. There is also with them an aristocracy of flowers most sharply defined. The iris is of princely dignity, but because of its purple color must not be used for weddings. Some flowers in themselves are regarded as being of ill-omen. Such is the camellia, for instance, which is neglected because its red blossoms fall off whole in a manner which reminds the Japanese of de-capitated heads.

In Mexico the Indian carnation bears the name of the flower of the dead, and when a virgin dies it is customary for a young woman to carry a garland of flowers and sweet herbs in front of the coffin. The high priest of the ancient Mexicans gave alms leaves, traced over with sacred characters, to people going among volcanoes, to protect them from the incident dangers.

In China the peony is regarded with superstitious reverence and pride. The natives of Samoa, in order to secure the admission of a departed spirit to the joys of their paradise, wreath the head of the corpse with flowers.

Prodigals.

William H. Allen writes in "Civics and Health":

The man who is prodigal of his health may work along all right for years, never realizing until the test comes that he is running behind in his vitality. The test may be hard times, promotion, exposure to cold, heat, fever or a sudden call for all his control in avoiding accident. His career may be ruined, because of no health bank account to draw upon in time of need; because of vitality depleted by alcohol, tobacco, overeating, under-exercise or too little sleep.

Critical Criticism.

The young editor had just founded a new magazine—one of those highbrow things with pale gray covers and uncut pages—and was eager for applause. "What do you think of it?" he asked the celebrated literary critic to whom he took a copy for examination.

"Well," replied the other, wearily, but warily, "the stuff you rejected must certainly have been rejected."—American Legion Weekly.

Modest.

"Alexander wanted to conquer the world." "I have done that," said the popular movie actress. "What I would like now would be for the constellations to arrange themselves so as to spell out my name in the sky."—Louisville Courier-Journal.

MARKET REPORT

(By United Press)

South St. Paul Livestock

South St. Paul, July 21.—Estimated receipts at the union stockyards today: Cattle, 100; hogs, 500; cars, 9.

Strictly choice grades of fat feeding steers and yearlings and she stock was quoted nominally steady for the week, with other grades of stockers and feeders unevenly 25c to 50c or more lower. Canners, cutters andologna bulls closed steady to 25c lower. Veal calves were 25c to 50c lower.

The hog market was about steady today. Butcher and bacon hogs sold mostly \$6.75 to \$6.85.

Fat ewes closed at \$5. Lambs declined unevenly 50c to \$1 during the week. Better grades of sheep were about steady.

Minneapolis Cash Grain

Wheat—No. 1 Dark Northern \$1.05% to \$1.30%; to arrive, \$1.05%. No. 1 Northern, \$1.04% to \$1.11%; to arrive, \$1.04%.

Give full information about yourself to avoid delay. Address "P O-4" % Dispatch. 7236-30

SPORTS

BIG BUSINESS GOING IN FOR SPORTS

By PAUL R. MALLON

United Press Staff Correspondent

New York, July 21.—Big business is beginning to realize the worth of sports.

A few years ago employers in the major factories and business houses looked upon sport merely as a recreation and took no hand. Now it is considered a part of the business.

Baseball grounds, athletic tracks, football fields and tennis courts are being constructed by nearly every big plant, in the realization that such recreation may take the place of the old corner saloon. It increases the efficiency of the workers and holds them to their jobs.

Perhaps the largest undertaking of this kind has been launched by the Westinghouse Electric company, which has organized what is known as "The Westinghouse Athletic Association." The company employs more than 30,000 persons and its monthly payroll averages over \$4,250,000.

The organization pays for itself from admissions, which are carefully handled by a board of directors.

Girls' activities are under a separate association. They play baseball, tennis and basketball. At present they have one baseball team, two basketball teams and have arranged a tennis tournament.

Seven men baseball teams are formed into an intership league where prizes are offered to the pennant winner and the team finishing in second place.

The success of the scheme indicates clearly that industrial athletics have come to stay.

N. P. Baseball Team To Play St. Paul N. P.'s

The Northern Pacific baseball team of Brainerd will try to take revenge on the fast N. P. team of St. Paul, for the game they lost to them at that city some time ago.

The game will be called at 4 p. m. at the South Sixth street grounds on Sunday, July 22. The fact that the train arrives later on Sunday from the cities makes it necessary to call the game at this late hour.

As there are a number of teams on the Northern Pacific system this season, there is a great deal of rivalry, and especially is this true between the nines of St. Paul and Brainerd, who are fighting for the leadership.

The St. Paul team at present is leading the city leagues, and promises to put up a hard fight to maintain its standing on next Sunday. It is hoped that a good crowd will be in attendance to cheer the home team on to victory.

The locals won their game from the Long Lake team last Sunday by a close score, 10 to 9, and they hope to do better than this tomorrow.

Dempsey's Portrait on Exhibition in Kansas City Art Institute

Kansas City, Mo., July 21.—The portrait of Jack Dempsey, world's heavyweight champion boxer, was among 54 chosen works of western artists which went on exhibition at the Kansas City Art Institute.

The Dempsey portrait, painted in oil by Alonzo Victor Lewis of Seattle, is valued at \$2,000. It is not for sale.

On one side of the fist champion's portrait is a picture entitled "Spring Landscape," on the other a dreamy effect labeled "Indian summer."

Discussing the inclusion of the unusual portrait, Harry M. Kurtzworth, director of the institute, said:

"I do not recall ever seeing a prize fighter painted before. My first impression was that art was being degraded. Then the thought occurred that after all boxing is a man's game and a natural occupation."

Southern Minnesota Golf Tournament Opens At Rochester, July 27

Rochester, July 21.—Indications are good for a large list of entries for the second annual tournament of the Southern Minnesota Golf association, to be held on the Rochester Golf club course July 27 and 28. Competing for the six cups offered this year in the various divisions will be golfers from Albert Lea, Austin, Blue Earth, Faribault, Owatonna, Mankato, Red Wing, Winona, Winnebago, Waseca and Rochester. The cups will go to the winners of the association championship, the runner up champions in Classes A, B and C, and winner of the consolation flight.

A purse of \$50 has been hung up for the winner of a match to be played by the professionals of the various clubs in the association, \$25 to first, \$15 to second, \$10 to third.

Play for the first 18 holes will start at 9 a. m. July 27. Each club is limited to 15 players, five to constitute a team. The annual meeting will be held Friday night, to be followed by a dinner dance with the visitors as guests of the local club.

CROSBY-HIBBING GAME TOMORROW

Crosby and Hibbing cross bats at Crosby in what promises to be a fast ball game Sunday afternoon.

St. Cloud, Albert Lea Nines Play Sunday

Albert Lea, July 21.—Plans are being made to make Sunday's ball game here between Albert Lea and St. Cloud the biggest sporting event of the season in this locality. St. Cloud is reported to be one of the strongest independent clubs in north central Minnesota, while Albert Lea has been playing the best ball in the southern section of the state with a record of 11 straight wins. A record breaking attendance is predicted.

Russia Forms Young Men's Association To Promote Sports

Riga, July 21.—In an effort to increase sport in Russia the All-Russian Central Executive committee has decreed the organization of a Young Men's Sporting association. This organization is to be patterned after the Y. M. C. A. and is to be supported by the members as well as by gifts from individuals and municipalities.

Shortly after this announced soviet authorities approached American organizers doing Y. M. C. A. work in Riga and Revel, asking them to come to Russia at higher salaries.

When they asked the agents why the soviet government would not permit entrance of the Y. M. C. A. into Russia, the reply was:

"We don't like the word Christian in the name of your organization."

CANADA BARS HORSE RACE BETTING FORMS

Ottawa, July 21.—American racing forms and newspapers containing information for betting on race horses, whether the events be in the United States or in the Dominion, will be seized if they are brought into Canada. These orders have been issued to customs officers at all ports.

Some papers, including the Chicago Racing Form, already have been seized to comply with a new law. Racing books must be stamped out in Canada, it is declared, and the government has announced that it will back prosecution.

Frankie Genaro Stops Bobby Gershane in Third

New York, July 21.—Frankie Genaro, flyweight champion of America, knocked out Bobby Gershane last night after 48 seconds of the third round of a 15 round match. Gershane hit the mat twice in the second round. Frankie weighed 112 pounds, Bobby 118.

ENGLAND WINS BIG TRACK MEET

London, July 21.—England won the sixth annual international track meet here today when the Oxford-Cambridge combination beat the Yale-Harvard team of the United States in the Wembley stadium before a large crowd.

Twenty to One Shot Wins Eclipse Stakes

Sandown Park, England, July 21.—The Eclipse stakes of 10,000 sovereigns, run here yesterday, was won by Lord Astor's Saltash, 3 year old chestnut colt.

Aga Kahn's Tersina was second and Sir John Robinson's Duncan Gray was third. Nine horses ran. The odds on the winner were 20 to 1 against; Tersina 10 to 1, and on Duncan Gray 20 to 1 against.

MOTLEY-STAPLES ROAD IMPROVEMENT VOTED

Staples, Minn., July 21.—Bids for reconstruction of state highway No. 2 between Motley and Staples will be called for by Todd county commissioners. The cost will be approximately \$37,000 of which amount \$17,000 already is available. The balance will be raised by bonding the county.

Let Convictions Be Firm.

To be longing for this thing today and that thing tomorrow; to change likings for loathings, and to stand wishing and hankering at a venture—how is it possible for any man to be at rest in this fluctuant humor and opinion?—L'Estrange.

DAYTON GIVES LAND TO MACALESTER COLLEGE

Minneapolis, July 21.—Development of Macalester college's extensive building program was aided by the gift from George D. Dayton, president of the board of trustees, of a tract of land at the southwest corner of Macalester and Lincoln avenues, Bishop H. Schibner, secretary of the college, announced.

"The gift is very valuable to the college," Mr. Schibner said. "The land is just across the street from the college campus, and is ideally located to become a part of the college grounds. The property is vacant and will be utilized by the college in its building program."

The land has a frontage of 215 feet on Macalester and 206 feet on Lincoln.

Real Sheiks Are Dirty, Says Wanda Hawley, Just Home From Egypt

Chicago, July 21.—"Sheiks, the real ones, are, generally speaking, a dirty lot," said Miss Wanda Hawley, American motion picture star, who stopped in Chicago on her way to Hollywood. She has just returned from Egypt, where she saw all sorts of sheiks except the lounge lizard variety which infest the United States.

"The Arab sheiks are not quite so bad as the Egyptian," she continued. "The Egyptian sheiks are terrible. They are positively filthy. They put on one outfit of clothing and never take it off until it falls apart. 'Sheiks are all right—at a distance—or in the movies, but when you get near enough to see their straggly whiskers and their distaste for soap and water, there's nothing romantic or magnetic about them.'"

\$2,000 Pearl Taken From Clam at Beloit

Beloit, Wis., July 21.—A perfect pearl a half-inch in diameter and valued at about \$2,000 was found in a clam taken from the Pecatonica river a few miles from here by William Castner, Rockton, Ill. The gem is the largest ever found in this section of the middlewest.

FINE SENSE OF PSYCHOLOGY

David Surely Will Have to Be Credited With a Deep Knowledge of Human Nature.

An Indianapolis woman tells the following story:

"The family was spending the summer in Brown county in the most wonderful log cabin. The immense, rough-hewn logs told of pioneer days and even now the spirit of dreams and of rest pervaded the place. From early morning till early evening hundreds of birds took turns in singing of the wild loveliness.

"The sheer beauty of it so charmed us that we were oblivious to the crudity of our practical makeshifts and settled down to living as we found it.

"One of our findings was that the bathing facilities, although adequate, were primitive. A galvanized iron tub stood in a corner of the immense porch, quite sheltered by the woods and an end of the cabin, but not so well protected from family intrusion. A bath was a game of catch-as-catch-can.

"David had arisen very early, filled his tub from the kitchen pump and was enjoying a relaxed sense of security, when he heard the gentle thud, thud, on the stairs above, which could mean none other than the footsteps of his six-year-old sister. We believe David is destined to become a leader of men. Nothing but a deep understanding of human reactions could have inspired him. Raising his voice to the nth power he called out: 'Don't look! Don't look! And don't look to see why not!'

Invalids of the Forest.

In the matter of longevity human beings cannot compete with trees, but according to mortality tables, human beings are more fortunate up to certain ages.

A forest at maturity contains about 5 per cent of the trees that started life there. The percentage of human beings living from ten to fifty is much greater than in the case of trees. About 95 per cent of trees die before they are eighty years old, while only 87 per cent of persons die before reaching that age.

Tired of It.

"Very few men are born to command."

"Then I wish the women would stop trying to command us."—Louisville Courier-Journal.

EACH FLOWER HAS PURPOSE

Many Peoples Are Intensely Superstitious About Uses to Which They Shall Be Put.

The Japanese are very superstitious about many flowers, and will have none of them. The orchid, gentian, dogwood and azalea, are utterly prohibited for felicitous occasions. There is also with them an aristocracy of flowers most sharply defined. The iris is of princely dignity, but because of its purple color must not be used for weddings. Some flowers in themselves are regarded as being of ill-omen. Such is the camellia, for instance, which is neglected because its red blossoms fall off whole in a manner which reminds the Japanese of decapitated heads.

In Mexico the Indian carnation bears the name of the flower of the dead, and when a virgin dies it is customary for a young woman to carry a garland of flowers and sweet herbs in front of the coffin. The high priest of the ancient Mexicans gave alive leaves, traced over with sacred characters, to people going among volcanoes, to protect them from the incident dangers.

In China the peony is regarded with superstitious reverence and pride. The natives of Samoa, in order to secure the admission of a departed spirit to the joys of their paradise, wreath the head of the corpse with flowers.

Prodigals.

William H. Allen writes in "Clives and Health":

"The man who is prodigal of his health may work along all right for years, never realizing until the test comes that he is running behind in his vitality. The test may be hard times, promotion, exposure to cold, heat, fever or a sudden call for all his control in avoiding accident. His career may be ruined, because of no health bank account to draw upon in time of need; because of vitality depleted by alcohol, tobacco, overeating, under-exercise or too little sleep.

Critical Criticism.

The young editor had just founded a new magazine—one of those highbrow things with pale gray covers and uncut pages—and was eager for applause.

"What do you think of it?" he asked the celebrated literary critic to whom he took a copy for examination.

"Well," replied the other, wearily, but warily, "the stuff you rejected must certainly have been rotten."—American Legion Weekly.

Modest.

"Alexander wanted to conquer the world."

"I have done that," said the popular movie actress. "What I would like now would be for the constellations to arrange themselves so as to spell out my name in the sky."—Louisville Courier-Journal.

MARKET REPORT

(By United Press)

South St. Paul Livestock
South St. Paul, July 21.—Estimated receipts at the union stockyards today: Cattle, 100; hogs, 500; cars, 9.

Strictly choice grades of fat feeding steers and yearlings and she stock was quoted nominally steady for the week, with other grades of stockers and feeders unevenly 25c to 50c or more lower. Canners, cutters andologna bulls closed steady to 25c lower. Veal calves were 25c to 50c lower.

The high market was about steady today. Butcher and bacon hogs sold mostly \$6.75 to \$6.85.

Fat ewes closed at 45c. Lambs declined unevenly 50c to \$1 during the week. Better grades of sheep were about steady.

Minneapolis Cash Grain
Wheat—No. 1 Dark Northern \$1.05½ to \$1.30½; to arrive, \$1.05½. No. 1 Northern, \$1.04½ to \$1.11½; to arrive, \$1.04½.

Corn—No. 3 elow, 81½c to 81½c. Oats—No. 3 White, 35½c to 36½c; to arrive, 32½c.

Barley—Choice, 61c to 63c. Rye—No. 2, 61½c; to arrive, 61½c. Flaxseed—Fancy, \$2.72; to arrive, \$2.75.

St. Paul Hay Market

Timothy—No. 1, \$17; No. 2, \$16; No. 3, \$12.
